

Small Business Administration

§ 124.1002

(2) Submitted an application for SDB certification to SBA or a Private Certifier, and must not have received a negative determination regarding that application from SBA or the Private Certifier.

(d) A firm cannot represent itself to be an SDB concern in order to receive a preference as an SDB for any Federal subcontracting program if it is not on the SBA-maintained list of qualified SDBs.

§ 124.1002 What is a Small Disadvantaged Business (SDB)?

(a) *Reliance on 8(a) criteria.* In determining whether a firm qualifies as an SDB, the criteria of social and economic disadvantage and other eligibility requirements established in subpart A of this part apply, including the requirements of ownership and control and disadvantaged status, unless otherwise provided in this subpart. Qualified Private Certifiers must use the 8(a) criteria applicable to ownership and control in determining whether a particular firm is actually owned and controlled by one or more individuals claiming disadvantaged status.

(b) *SDB eligibility criteria.* A small disadvantaged business (SDB) is a concern:

(1) Which qualifies as small under part 121 of this title for the size standard corresponding to the applicable four digit Standard Industrial Classification (SIC) code.

(i) For purposes of SDB certification, the applicable SIC code is that which relates to the primary business activity of the concern;

(ii) For purposes related to a specific Federal Government contract, the applicable SIC code is that assigned by the contracting officer to the procurement at issue;

(2) Which is at least 51 percent unconditionally owned by one or more socially and economically disadvantaged individuals as set forth in § 124.105. For the requirements relating to tribes and ANCs, NHOs, or CDCs, see §§ 124.109, 124.110, and 124.111, respectively.

(3) Except for tribes, ANCs, NHOs, and CDCs, whose management and daily business operations are controlled by one or more socially and economically disadvantaged individuals.

For the requirements relating to tribes and ANCs, NHOs, or CDCs, see §§ 124.109, 124.110, and 124.111, respectively.

(4) Which, for purposes of SDB procurement mechanisms authorized by 10 U.S.C. 2323 (such as price evaluation adjustments, evaluation factors or subfactors, monetary subcontracting incentives, or SDB set-asides) relating to the Department of Defense, NASA and the Coast Guard only, has the majority of its earnings accruing directly to the socially and economically disadvantaged individuals.

(c) *Disadvantaged status.* In assessing the personal financial condition of an individual claiming economic disadvantage, his or her net worth must be less than \$750,000 after taking into account the exclusions set forth in § 124.104(c)(2).

(d) *Additional eligibility criteria.* Except for tribes, ANCs, CDCs and NHOs, each individual claiming disadvantaged status must be a citizen of the United States.

(e) *Potential for success not required.* The potential for success requirement set forth in § 124.107 does not apply as an eligibility requirement for an SDB.

(f) *Joint ventures.* Joint ventures are permitted for SDB procurement mechanisms (such as price evaluation adjustments, evaluation factors or subfactors, monetary subcontracting incentives, or SDB set-asides), provided that the requirements set forth in this paragraph are met.

(1) The disadvantaged participant(s) to the joint venture must have:

(i) Received an SDB certification from SBA; or

(ii) Submitted an application for SDB certification to SBA or a Private Certifier, and must not have received a negative determination regarding that application.

(2) For purposes of this paragraph, the term joint venture means two or more concerns forming an association to engage in and carry out a single, specific business venture for joint profit. Two or more concerns that form an ongoing relationship to conduct business would not be considered "joint venturers" within the meaning of this paragraph, and would also not be eligible to be certified as an SDB. The entity created by such a relationship would

§ 124.1003

not be owned and controlled by one or more socially and economically disadvantaged individuals. Each contract for which a joint venture submits an offer will be evaluated on a case by case basis.

(3) Except as set forth in 13 CFR 121.103(f)(3), a concern that is owned and controlled by one or more socially and economically disadvantaged individuals entering into a joint venture agreement with one or more other business concerns is considered to be affiliated with such other concern(s) for size purposes. If the exception does not apply, the combined annual receipts or employees of the concerns entering into the joint venture must meet the applicable size standard corresponding to the SIC code designated for the contract.

(4) An SDB must be the managing venturer of the joint venture, and an employee of the managing venturer must be the project manager responsible for performance of the contract.

(5) The joint venture must perform any applicable percentage of work required of SDB offerors, and the SDB joint venturer(s) must perform a significant portion of the contract.

(g) *Ownership restrictions for non-disadvantaged individuals.* The ownership restrictions set forth in § 124.105 (g) and (h) for non-disadvantaged individuals and concerns do not apply for purposes of determining SDB eligibility.

§ 124.1003 What is a Private Certifier?

A Private Certifier is an organization or business concern approved by SBA to determine whether firms are owned and controlled by one or more individuals claiming disadvantaged status. SBA may elect to arrange for one or more Private Certifiers to perform certain functions in the SDB Certification process. When that election is made, the provisions of §§ 124.1004 through 124.1007 will apply. SBA will establish more detailed standards regarding qualifications, monitoring, procedures and use, if any, of Private Certifiers in specific contracts or agreements between SBA and the Private Certifiers.

13 CFR Ch. I (1–1–00 Edition)

§ 124.1004 How does an organization or business concern become a Private Certifier?

(a) SBA may execute contracts or agreements with organizations or business concerns seeking to become Private Certifiers. Any such contract or agreement will include provisions for the oversight, monitoring, and evaluation of all certification activities by SBA.

(b) The organization or business concern must demonstrate a knowledge of SBA's regulations regarding ownership and control, as well as business organizations and the legal principles affecting their ownership and control generally, including stock issuances, voting rights, convertability of debt to equity, options, and powers and responsibilities of officers and directors, general and limited partners, and limited liability members.

(c) The organization or concern must also, along with its principals, demonstrate good character. Good character does not exist for these purposes if the organization or concern or any of its principals:

(1) Is debarred or suspended under any Federal procurement or non-procurement debarment and suspension regulations; or

(2) Has been indicted or convicted for any criminal offense or suffered a civil judgment indicating a lack of business integrity.

(d) As a condition of approval, SBA may require that appropriate officers and/or key employees of the concern attend a training session on SBA's rules and requirements.

(e) An organization or concern seeking to become a Private Certifier must agree to provide access to SBA of its books and records when requested, including records pertaining to its certification activities. Once SBA approves the organization or concern to be a Private Certifier, SBA may review this information, as well as the decisions of the Private Certifier, in determining whether it will renew or extend the term of the Private Certifier, or terminate the Private Certifier for cause.

(f) SBA will include in any contract or agreement document authorizing an
